## October 2022

We had another great turnout for the September Breakfast meeting with little over 30 in attendance. It's really nice to see our club filling up our meeting room almost on a regular basis. October is shaping up to be as busy as June was for car and club-related activities.

First up is our election for two new 2023 board members. The election committee is already set and calls will be made for candidates for the ballots. Please vote promptly and get your ballots back to us by November 1! If anyone would like to run for the board, give me a call and we will get you on the ballot.

Junk in the Trunk Car Show and Swap Meet is almost upon us, October the 8th. We need all the help we can get! Ralph Johnson, Mike Denney, and Bob Krah have been working hard to make sure all the details are taken care of and getting promotional info out. Please plan to help if you can; see details elsewhere in this newsletter.

The club drive to Van Buren, Arkansas, and Crystal Bridges is coming up on October 22nd and 23rd. I hope you will join us for a fun weekend; see details in this newsletter.

I've been working on our 40 Ford to get it ready for the drive. These trips are a great motivation to get your car road ready and work out any issues you may have. Getting parts has been a challenge lately, but I finally found a fuel pump rebuild kit and have it installed. A few more things to check and we will be ready!

Mark your calendar for the Halloween party October 29th that Debi and I will be hosting at our place. We have plenty of room for Fords to park so plan on driving them if possible. Further details are also in this newsletter. We really enjoy having this event and look forward to seeing you there.

Don't forget about the Meadow Gold Mashup Cruise night at Buck Atom's Curio shop on 11th St every second and fourth Saturday evening from 5-8 PM. Debi and I have met lots of new people and there is always a wide variety of cars.

Until next time, stay safe and drive your Ford V8!
